

THE ROUND

five beats · the table finishes each one before the next

1 LAY

everyone lays a meld
FACE DOWN

leader first, then
clockwise

→

2 REVEAL

turn them all over
together

one beat, all at once

→

3 DECLARE

spend a victory card
on its A effect, or not

leader first — you can
see every meld

→

4 RANK

highest total wins the
trick

then most cards, then
highest card, then
earliest laid

→

5 MAP

spend your meld, in
that order

winner first · set-aside
and gold settle here

Your hand runs out mid-turn? Recycle at once — the back of this sheet says what that means.

WHAT MAY I LAY?

one meld, face down, every round

ANY UNBROKEN RUN of ranks

· duplicates free · suits irrelevant

up to your tier's MELD limit

✓ 2-3-3-4-4

✗ 2-2-4-4 (no 3)

highest TOTAL takes the trick — not the longest meld

WHAT ARE MY OPTIONS?

one of these, never all of them

A CARD IN YOUR MELD

does ONE of —

SETTLE

a unit from your top tier

EXPLORE

a new tile · must touch TWO ·
rank 10 or under pays 1 gold

ATTACK

a duel · your rank vs card +
ground · take it: +1 gold

CASH

1 gold

Every card: IN REACH — a tile you hold or
one beside it — and its SUIT MATCHES
THE GROUND.

A COIN

buys one of —

RESEARCH 1 then 2

take a card at or under your
tier's cap into your discard

TRADE 1 then 2

draw the market's top two,
blind · bury any two back

FORTIFY 1

on a unit · defends at your
WALL + the terrain

KEEP —

gold breaks a tie at the end of
the game

Move coins freely on your own turn.
Between turns they stand where you left
them — which is when a wall is tested.

A VICTORY-ROW CARD

spend it on ONE of —

A in the DECLARE step

add its rank to your meld's
total this trick

B in your map phase

found a colony — new tiles
and units from the supply

C at any moment

take 2–5 gold, by its rank
band

THEN IT LEAVES THE ROW

– 1 point · your centre card may drop · a
shallower perk menu next recycle. It goes
to the BOTTOM of the shared pile: nothing
leaves the game.

WHAT A, B AND C ARE WORTH

by the rank of the card you spend

RANK	A · the trick	B · the map	C · gold
1–5	+3 total	colony, this suit	2g
6–10	+8 total · ties	colony, up to 2 out	3g
11–15	+13 total	2 tiles, 1 unit	4g
16–20	+18 total · ties	2 colonies, any terrain	5g

A is declared AFTER every meld is face up, leader first. One effect per player per round.
TURN OVER for where your cards go, the recycle, and what the map scores.

Blink · deep-diversions.com/blink

side two carries the card loop, the recycle and the objectives

WHERE YOUR CARDS GO

almost nothing leaves the game

THE RECYCLE

the moment your hand runs out

Greyed steps are MODULES ONLY — a base game recycles by refilling, and nothing else.

MAP OBJECTIVES

the only points about the SHAPE of what you hold

FREE

no card · any order · on your own turn

THE GROUND

what each terrain holds, and what it is worth to defend
