

YOUR TURN · MAP PHASE

EACH CARD OF YOUR MELD — ONE OF

SETTLE	one unit from your top tier
EXPLORE	lay a tile: it must touch TWO already there. Rank 10 or under also pays 1 gold
ATTACK	a duel — your rank vs their card + the ground
CASH	take 1 gold

Every card: **in reach** (a tile you hold, or one beside it) and its **suit matches the terrain**. No units on the map? Act anywhere.

FREE · NO CARD · ANY ORDER

MOVE your tier's number	by land across your own units onto a free tile, or by sea across empty Ocean. Never an attack.
WATER first sea move	explore one free tile of ANY terrain, anywhere. Touch-two applies; reach does not.
RESEARCH twice · 1 then 2 gold	draw onto the highest rank showing, retire your lowest card, buy one at or under your cap.
FORTIFY 1 gold	a coin on a unit. A lone card cannot attack it; an assault costs two cards and the lower rank fights.
GOLD free	shift coins between reserve, food and walls. Research is one way.
COLONY one a turn	spend a card from your victory row on its B effect.

Read your top tier that still holds units. Food is due each recycle and is not cumulative; ascension is paid once, on arrival.

■ Plains holds 3 ■ Forest 2 · +1 defence ■ Ocean 1 · sea road ■ Mountain 1 · +2 defence

Round. Declare A → everyone plays a meld → highest total wins → the winner's die shows their meld size and leads, others 2/3/4 → spend in that order. Matched the winner and lost: set one card aside, take 1 gold. Last: 1 gold.

Meld. Any unbroken run; duplicates free, suits irrelevant. 2-3-3-4-4 ✓ · 2-2-4-4 ✗ (no 3).

Duel. Your spent card's rank against their hand card plus the ground. Higher wins; level goes to the card matching the ground, and otherwise to the defender. Clear the last unit and the tile is yours — settle it at once.

End. A last unit placed, or the market down to one layer: finish the round, play one more. Score 1 per unit · 1 per row card, plus the centre rank at 3+ · 3 per terrain dominated.
